FREQUENTLY ASKED QUESTIONS

1. Must I be a registered caregiver to receive the shared care tax credit?

Yes. If you meet all other requirements, you may still qualify for the tax credit if you register as a shared care member. To register with the Division of Aging call (800) 235-5503.

2. Do I have to be in Missouri caring for the care recipient a consecutive six (6) months to receive the tax credit?

No. The law provides more than six (6) months per tax year requirement. If the total time frame caring for the elderly care received is six (6) months in the aggregate, you still qualify for the tax credit.

3. I provided care for my mother half of the year, but I am not currently a Missouri resident. Do I still qualify for the credit?

Yes. If you have a Missouri tax liability and you met all of the requirements listed on the previous page; you may still qualify for the shared care tax credit.

4. What is considered when determining whether or not the care recipient is incapable of living alone?

A physician or a Division of Aging Counselor must determine whether or not the care recipient is capable of living alone. The physician or counselor must provide a description of the care recipient's physical or mental condition, which prevents the recipient from living alone. The physician or counselor must also describe the necessary treatment or care needed for the care recipient.

5. Is the shared care tax credit refundable?

No. The credit is the amount of your Missouri tax liability or \$500, whichever is less. If your Missouri tax liability is \$200, you will receive a credit of \$200. The remaining \$300 is not refundable.

6. If I receive Medicaid, am I eligible for the credit?

No. If you receive Medicaid, you are not eligible for the tax credit. If you receive Medicare, you may qualify for the credit.
